VALENA LIFE LEGRAND

All-in-one kit containing a light switch + wireless light switch Valena Life with Netatmo

REF. 752152 | EAN. 3414971154179

[> Visit e-catalogue](#)

Product characteristics

- Light switch: Without neutral, 5 W-300 W, supplied with a bleeder. For conventional or dimmer bulbs, including dimmable LEDs (recommended)
- Wireless light switch: Supplied with a replaceable battery with an 8-year life. LED indicator with low battery warning
- All products in this kit are pre-paired with one another and communicate using 2.4 GHz radio technology
- Scalable installation: Complete your radio installation with Valena Life with Netatmo wireless light switches, sold separately
- White

Recommendation / Restriction

- The items in the kit are pre-paired with one another (wireless switches and light switch) and must be installed together in order to work.

The product's benefits

Installation

- The items contained in this all-in-one kit are installed without prior configuration, and require no modifications to be made to your existing installation. The "with Netatmo" light switch is easily installed in place of an existing flush-mounting switch and needs a standard-depth flush-mounting box (40 mm). Claw or screw fixing possible. The bleeder provided must be installed (to be wired onto the light bulb).

Usage

- Everything together as a single catalogue number: all you need to do is fit it!

Avantages

- When associated to the connected starter pack, the Valena Life with Netatmo products can be controlled manually or remotely from your smartphone or via voice control.
- When installed on the wall, the wireless remote switch has the same aesthetic and thickness as all the Valena Life with Netatmo switches.
- Easy and quick association by tapping the products together.
