All-in-one kit containing a power outlet + wireless light switch Valena Life with Netatmo

REF. 752154 | EAN. 3414971154216

[> Visit e-catalogue](#)

## Product characteristics

- Power outlet: 16 A/3680 W. Protection against overloads, breaking at 16 A maximum. Compatible with all electrical appliances, especially with large household appliances. Schuko standard
- Wireless light switch: Supplied with a replaceable battery with an 8-year life. LED indicator with low battery warning
- All products in this kit are pre-paired with one another and communicate using 2.4 GHz radio technology
- Scalable installation: Complete your radio installation with Valena Life with Netatmo wireless light switches, sold separately
- White

## Recommendation / Restriction

- The items in the kit are pre-paired with one another (wireless switches and power outlet) and must be installed together in order to work.

## The product's benefits

### Installation

- The items contained in this all-in-one kit are installed without prior configuration, and require no modifications to be made to your existing installation. The Valena Life with Netatmo power outlet is easily installed in place of an existing flush-mounting power outlet and needs a standard-depth flush-mounting box (40 mm). Claw or screw fixing possible. To control your power outlet, the wireless switch in this kit must be installed

### Usage

- Everything together as a single catalogue number: all you need to do is fit it!

### Advantages

- When associated to the connected starter pack, the Valena Life with Netatmo products can be controlled manually or remotely from your smartphone or via voice control.
- When installed on the wall, the wireless remote switch has the same aesthetic and thickness as all the Valena Life with Netatmo switches.
- Easy and quick association by tapping the products together.
