## Product characteristics

- LED indicator with locator function which can be activated in the app
- Compatible with any electrical appliance or large household appliance
- Measures instantaneous and total electricity consumption
- Protects against overloads (16 A maximum) Schuko standard
- Ivory

## Recommendation / Restriction

- To add a power outlet to your connected installation, you first need to purchase and install a Valena Life with Netatmo connected starter pack. To control your power outlet, you need to pair one or more Valena Life with Netatmo wireless switches with it

## The product's benefits

### Installation

- The Valena Life with Netatmo connected power outlet is easily installed in place of an existing flush-mounting power outlet and needs a standard-depth flush-mounting box (40 mm). Compatible with claw-fixing boxes.

### Usage

- Voice control of your lights and electrical appliances via a voice assistant (Apple Siri, Amazon Alexa, Google Assistant)

### Avantages

- When associated to the connected starter pack, the Valena Life with Netatmo products can be controlled manually or remotely from your smartphone or via voice control.
- Easy to be used as controlled power outlet by pairing with wireless light control.
