LIVING LIGHT BTICINO

Connected roller shutter switch Living Light with Netatmo

REF. BT-N4027C | EAN. 8005543642207

> [Visit e-catalogue](#)

Product characteristics

- Up/down/stop function
- Compatible with wired roller shutters with electronic and mechanical end stop. Not compatible with radio-controlled roller shutters
- LED indicator with locator function which can be activated in the app
- White

Recommendation / Restriction

- To connect your roller shutter switch, you first need to purchase and install a Living Light with Netatmo connected starter pack.

The product's benefits

Installation

- The connected roller shutter switch is easily installed in place of an existing flush-mounting switch and needs a standard-depth flush-mounting box (40 mm). Claw or screw fixing possible

Usage

- If you wish to manage your roller shutters centrally, you can pair them with one or more Living Light with Netatmo connected wireless switches
