Description

The grey waterproof 3-gang box Plexo allows a surface mounting of all Plexo functions (mechanism products). This box conception gives the opportunity to install it horizontally or vertically. For indoor or outdoor use.

Product characteristics

- Surface box to install functions supplied in composable mode (mechanism products).
- IP55 : protected against dust and water spary from all directions.
- Plastic materials with reinforced UV protection

The product's benefits

Installation

- A two-part box : a thin and very rigid mounting plate allows an easy fixing and a freedom of movement for wiring (the flexible part on the back of the product adapts to the shape of the wall) and a frame, to be clipped on the mounting plate.

Usage

- The box can be used for both vertical and horizontal installation thanks to the 90° symmetrical mechanisms.

Avantages

- The box is composed of a mounting plate and a frame. The thin and very rigid mounting plate allows an easy fixing and a freedom of movement for wiring. The flexible part on the back of the product adapts to the shape of the wall.
- The box can be used for both vertical and horizontal installation thanks to the 90° symmetrical mechanisms.
